

The Summit Center Media Center staff organized an online, curated Symbaloo board that is full of fun and educational activities for your student! Symbaloo is a site that allows organizations to curate boards specifically for their stakeholders. Each button is a link that leads to an educational or activity-based online site. Some premium sites have free access for the next month and information for parents is right on the site.

The Symbaloo site for The Summit Center is: <https://thesummitcenter.symbaloo.com>

(For those interested in ABC Mouse, the free code is **school7771**)
