

CLASS DOJO

Welcome Parents/Guardians,

This year I am excited to announce our classroom will be using Class Dojo. This will partly be used for reminders or communication.

The best part is you and your family members can communicate with the classroom for the year.

Class Dojo is an awesome tool to encourage working together and communication which can be difficult with our busy days at school and your busy days at work and at home.

Class Dojo has some features such as reward points, besides a communication system, like texting, I will be able to send you pictures and updates as needed throughout the school day! I would like all families to join our classroom community and sign up for Class Dojo!

It is very simple:

Download the free mobile app for iOS and Android. You can also view from any computer at www.classdojo.com. For more information go to www.classdojo.com/LearnMore. I am excited to share this year and have your family share with the classroom team!

Student Name: _____

- Yes I would like to use Class Dojo for communication and give permission for my child's picture to be posted on the class page
- Yes I would like to use Class Dojo for communication and would only like my child's picture posted on their individual page
